

# HOFFMAN PRODUCTS

A TPC WIRE & CABLE CORP. BRAND

*Hoffman Products* has been supplying the electrical and electronic industries with quality terminals, connectors, machines, tools, alligator clips and cable ties for 50 years.

**SPEED-Ease**

Twist-Ons

Splices

Tubular Lugs

Metal Strip Terminals

Closed End Connectors

Cable Glands for Hazardous Areas

Solderless Terminals

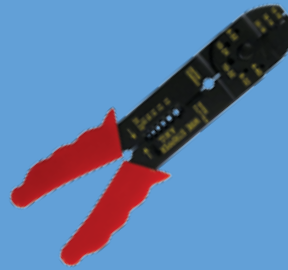

Alligator Clips

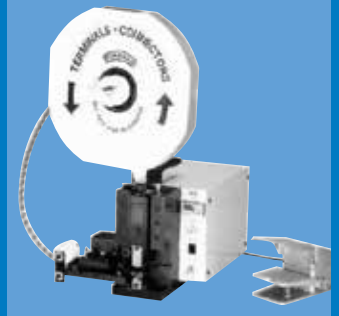

Spiral Wrap & Split Loom Tubing

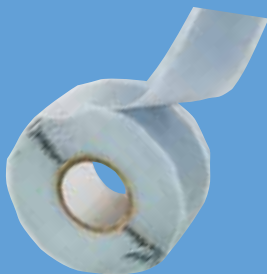

Filter Fan Assemblies

Tools & Kits

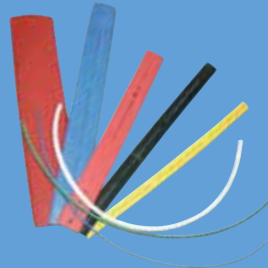

Crimping Machine Lease Program

Self-Fusing Silicone Tape

Terminal Blocks

Heat Shrink Tubing

Cable Ties & Accessories

# HOFFMAN PRODUCTS LINE CARD

## SOLDERLESS TERMINALS & CONNECTORS

A complete line of copper and brass, insulated, non-insulated, high temperature and heat shrink insulated:

- Ring Terminals
- Spade Terminals
- Flanged Spade Terminals
- Flag Terminals & Disconnects
- Female & Male Disconnects
- Bullet Connectors
- Speed-Ease™ Connectors
- Butt Connectors
- Closed End Connectors
- Open Barrel Connectors
- Parallel Connectors
- Piggyback Connectors
- Tubular Lugs
- Housings: Male & Female Disconnects, 110 Tab & 250 Tab
- Metal Strip & Mylar Tape Mounted: Terminals, Connectors, Pin & Socket

## SPEED-E AND TAP SPLICE CONNECTORS

Quick and efficient wire connecting solutions that do not require any tooling.

## FERRULES

Tin plated copper single connectors are available in non-insulated or insulated for use in terminal blocks to avoid direct contact with wire and avoid the possibility of wire strand breakage.

## TERMINAL BLOCKS

The "Safe Wire" feature is designed with a stainless steel plate that closes over the wire to eliminate breakage of the wire strands and create a safe, secure connection. They are made from 6/6 nylon, making them durable, flame retardant and heat resistant. Wire sizes 20-8 AWG.

## CABLE GLANDS FOR HAZARDOUS AREAS

Armoured and Non-Armoured. Meets latest IECEx and ATEX standards.

## HEAT SHRINK TUBING

Heat shrink tubing is designed to protect inline components, splices and disconnects. Used for jacketing, wire bundles, light duty harnesses, and identifying or color coding wire, cables, and terminal components.

## SELF-FUSING SILICONE TAPE

Use for all electrical connections, even irregular shapes or uneven surfaces. Resists oil, water, ozone and many chemicals. Adheres to itself – fully bonds in 24 hours.

## CABLE TIES & ACCESSORIES

A full array of ties, mounts and clamps:

- Standard
- Heavy Duty
- Black UV
- Stainless Steel Self Locking
- Marker
- Releasable
- Beaded
- Mounts: Saddle & Push

## WIRE BUNDLING

Designed to hold and protect cables, harnesses and hoses.

- Split Loom Tubing
- Spiral Wrap Tubing

## ALLIGATOR CLIPS

Copper and nickel plated, clips available with or without insulation: Standard, Charging Clips and Insulators.

## FILTER FAN ASSEMBLIES

For cooling of electrical cabinets. UL approved.

## TOOLS

- Hand Tools — Plier Type & Ratchet Type
- Hydraulic Hand Tools
- Wire Cutters & Strippers
- Automatic Feed Crimping Machines
