

Cable Sleeving

Stainless Steel Braided Ultra-Sleeve

TPC's braided stainless steel Ultra-Sleeve protects hoses from wear, abrasion and UV rays. Made of 304 stainless steel, it's virtually indestructible but economical for multiple applications. Can be cut easily with industrial shears or serrated scissors to precise lengths. Offers the same protection as custom stainless steel braided hoses and cables at a fraction of the price.

**Ratings**

High Melt Temperature: 1450°C (2650°F)

Performance Characteristics*

- ✓ Flame Resistance: Very Good
- ✓ Weld Spatter Resistance: Excellent
- ✓ Molten Splash Resistance: Excellent
- ✓ Flexibility: Very Good
- ✓ Abrasion Resistance: Outstanding
- ✓ Water and Oil Resistance: Outstanding

Engineered to Resist

Abrasion

Impact

Features & Benefits**Braided 304 Grade Stainless Steel**

Excellent protection against abrasion and mechanical abuse. Resists discoloration and rust.

Suitable for Indoor and Outdoor Use

Superior resistance to abrasion, UV, and most fluids including petroleum-based chemicals.

Designed for Easy Installation

Cut to length with shears or serrated scissors. Slide it over the cable or hose and secure the cut ends with clamps.

Available in Multiple Diameters

Can expand and contract by approximately 25% of its nominal size to allow for selection of the right size sleeve for the application.
