

16 AWG Quick-Connex™ Accessories

16 AWG Quick-Connex™ Accessories include 90° short elbow, closure caps, and adapters. These products are made of the highest quality materials to withstand the harsh industrial environments they are frequently used in.

TECHNICAL INFORMATION

90° Short Elbow

- 100% aluminum.
- For 16 AWG, 2-12 Pole Quick-Connex™.
- Elbow is threaded to industry standard to ensure interchangeability.

Closure Cap

- Hard coated black anodized aluminum.
- Provides a dust proof environment for the Quick-Connex™ face.
- Two threaded configurations for either cord sets or receptacles.
- Convenient chain which attaches to the cord to prevent misplacing the dust cap.
- Chain length 6".

Adapter

- Hard coated black anodized aluminum which is corrosion resistant.
- For 16 AWG, 2-12 Pole Quick-Connex™.
- Adapter is threaded to industry standard to ensure interchangeability with the rest of the standard connectors now in use.
- Slotted for easy installation and removal.

Grip-Seal®

- Nylon compression nut and threaded body, resists impact and corrosion.
- Multiple synthetic sealing bushing provides a high uniform seal on the cord surface, sealing out water, oil and other contaminants.
- Nylon friction ring provides uniform pressure, preventing bushing damage. The result is a tight seal.
- Locknut with fluoroelastomer O-ring seals out contaminants.
