

Powering Data Centers with Reliable Cable Solutions

At Pittsburgh Wire & Cable (PWC), we understand the demands of data center operations. Our cables are built to perform under pressure—supporting critical systems with durability and speed.

Featured Products

Amphenol TPC Medium Voltage Cable

5kV up to 35kV

Copper or Aluminum Conductors, NL-EPR, TR-XLPE or XLPE Insulation with 100%/133%/173% Insulation Levels, Copper Tape Shield or Concentric Neutrals. Jacket Options Include PVC, XLPE or LLDPE. Corrugated Aluminum Armor Available.

Southwire® Machine Flex® Power XLPE RW90 Type XHHW-2

600 Volts or 1000 Volts and Type RW90 600V

Flexible Tinned Copper Conductors. Cross-Linked Polyethylene (XLPE) Insulation. Rated High-Heat, Flame, Moisture, Gasoline, Oil and Sunlight Resistant.

Southwire® Machine Flex® Power XHHW-2/ RW90 1000V Type XHHW-2

1000 Volts and Type RW90 1000 Volts

Flexible Stranded Copper Conductor. PVC Insulation and Nylon Jacket (THHN/THWN-2). Oil & Gasoline Resistant. Sunlight Resistant. Rated UL VW-1 and CSA FT1 & FT4 Flame Resistant.

SERVICEPRO-X®XHHW-2

600 /1,000 Volts

Single Copper Conductor, Stranded and Insulated with Moisture-, Heat-, and Flame-Resistant Chemically Crosslinked Polyethylene.

TRAY CABLE -XHHW-2 or RW90/ServiceCPE®

600 /1,000 Volts

Class B Stranded Copper Conductors, Insulated with Heat- and Moisture-Resistant Chemically Crosslinked Polyethylene (Type XHHW-2 VW-1 or RW90 FT-1), Phase Identified and Cabled with Overall Black CPE Jacket. Available with Tinned Conductors.

DLO & Industrial Motor Lead Cable

2000 Volts

Single Copper Conductor, Flexible Stranded Conductors Insulated with Ethylene Propylene Rubber (EPR) and a Black CPE Jacket. Excellent Resistance to Chemicals, Ozone, Sunlight, and Heat.

BURNDY™ One Hole & Two Hole Copper Compression Lugs

Manufactured from High-Conductivity Electrolytic Copper to Provide Reliable and Controllable Electrical Connections.

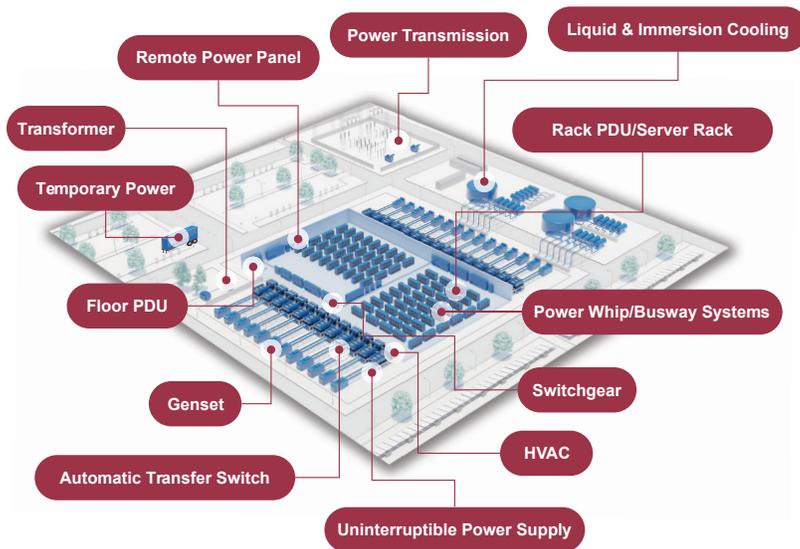

BURNDY™ Splices

Uninsulated Splice For 6 AWG (Nickel Plated)

Our Trusted Manufacturers

With our renowned manufacturers, expert product support, and valuable add-ons, we have a winning team that makes PWC your go-to cable source for data center operations.

We've Got You Covered

PWC offers high-performance cables that are designed for durability and cost savings, suitable for a range of data center applications.

About Pittsburgh Wire & Cable

Since 1992, Pittsburgh Wire & Cable has been a trusted stocking distributor of high-quality electrical cable solutions across various industries, including video inspection, mining, industrial applications, data centers, and rail. PWC offers an extensive range of products, such as industrial power cables, control and instrumentation cables, rapid transit cables, video inspection cables, and portable cords. PWC excels in delivering tailored solutions designed to withstand the most demanding conditions.
