

# Build Your Own Super-Trex® SJOO Micro Cord Sets

The chart below lists components with which to “build” the exact assembly needed. Begin at left with the first column. Write a “**C**” for cord set or a “**R**” for receptacle in the box at the top of the column. From the next column, identify the style. Write the appropriate letter in the box at the top of the column. Select components from all remaining columns, writing the desired letters or numbers chosen in the box at the top of each column.
